ORIZ SFT

Oriz sft token innovation

Total Supply

77,000.000

Token contrat

0xEAe3D3eEA1E8DC16aca0278729Fb12655D32a56A

Launch value

0.0144 BNB = 100 token

Reward value

0.039 BNB = 100 token

Oriz is a staking token designed to transform the trading experience on the liquidity pools of the blockchain

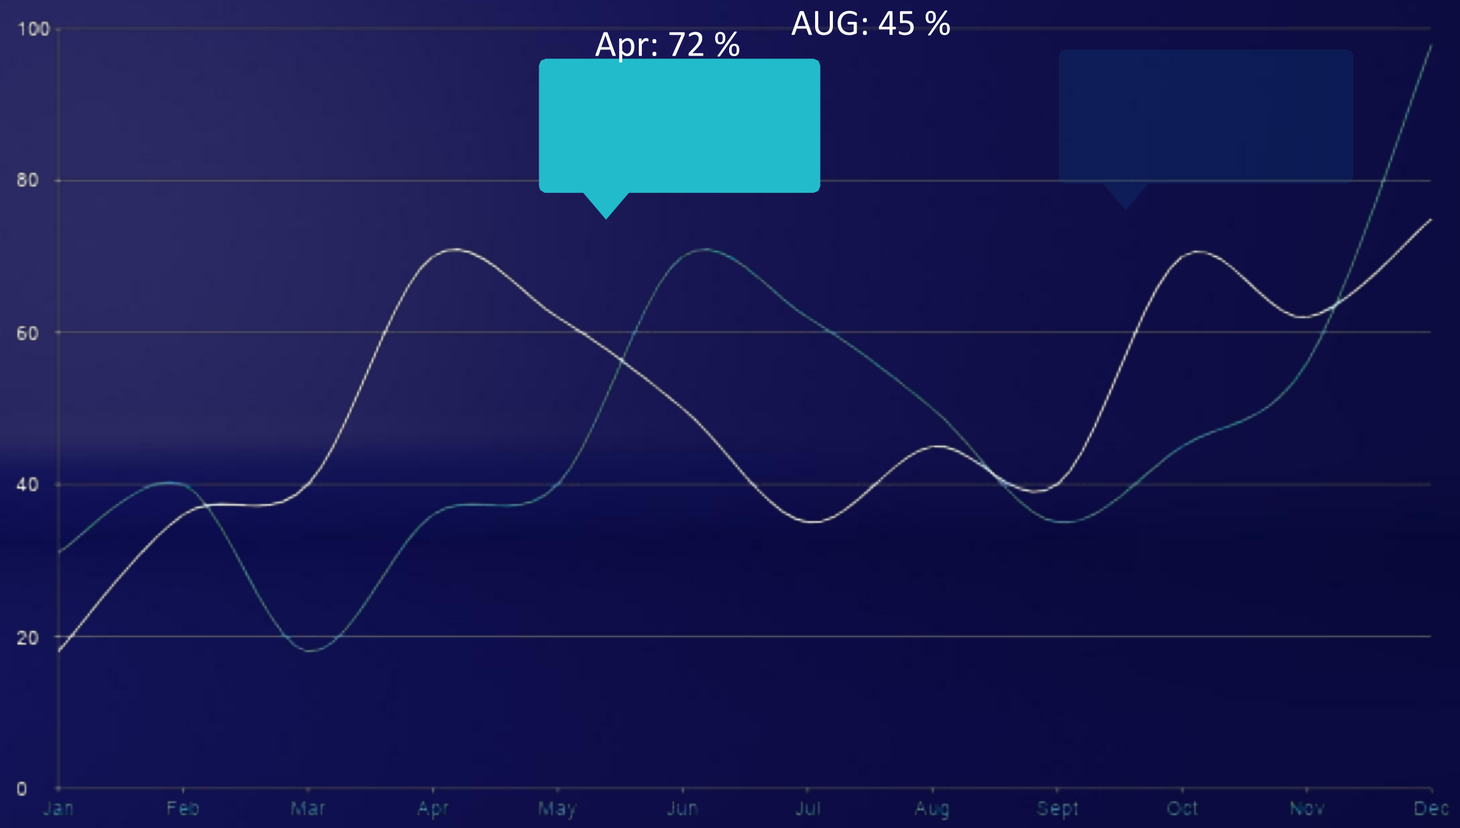
Liquidity Strategy

Each purchase of Oriz token deploys smart contracts on liquidity pools, enhancing the trading ecosystem.

Smart Contract Deployment: Automated with each token purchase **Enhanced Trading Ecosystem:** Continuous improvement of liquidity pool efficiency

Role of Smart Contracts

***Oriz's smart contracts** maintain the stability of token value by **analyzing** and acting on **liquidity pool** fluctuations.*



- Constant analysis

Identification of trading opportunities

- Reactivity

Maintaining the target value of 0.039 BNB for 100 Oriz token

Burn & reward mechanic

ORIZ SFT

The burning of Oriz tokens during exchanges at the target value contributes to the reduction of supply and the generation of rewards in Binance (BSC) for the holder.

Price: 0.0144 BNB

Reward: 0.039 BNB

Liquidity Progress Bar:
Wait for the liquidity progress bar to reach 100% on the site to open the exchange

Enhanced Trading Ecosystem:
Continuous improvement of liquidity pool efficiency
